<b>Minimum Duration of the Course</b>	390 Hours
<b>Maximum Duration of the Course</b>	420 Hours

## Program Overview

This section summarizes the end objectives of the program along with its duration.

### Training Outcomes

At the end of the program, the learner should have acquired the listed knowledge and skills to:

- Describe about dairy industry, input requirements, site selection, cattle selection, budget estimation, procurement of inputs, etc.
- Describe the process of constructing and maintaining accommodation for cattle, resources availability, shed construction and types, maintenance of shed
- Describe the process of preparing and giving recommended feed and water for livestock, feed nutrients composition, feed requirements
- Maintaining health of livestock along with productivity, vaccination of cattle, nutrients requirements
- Describe the process of preparing forage, types of forage, types of storage for forage
- Demonstrate effectively market dairy products like milk, curd, cheese
- Describe the process of milk products manufacturing, standards and market value
- Describe the process of maintaining safe and clean dairy farm

### Compulsory Modules

The table lists the modules and their duration corresponding to the Compulsory NOS of the QP.

NOS and Module Details	Theory Duration	Practical Duration	On-the-Job Training Duration (Mandatory)	On-the-Job Training Duration (Recommended)	Total Duration
<b>Bridge Module</b>	<b>05:00</b>	<b>00:00</b>	<b>N.A</b>	<b>N.A</b>	<b>05:00</b>

# Module Details

## Module 1: Introduction to the role of a Dairy Farmer/Entrepreneur

### Bridge Module

#### Terminal Outcomes:

- Discuss the roles and responsibilities of Dairy Farmer/Entrepreneur

<b>Duration:</b> 05:00	<b>Duration:</b> 00:00
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>• Describe the size and scope of the Dairy Industry and its market</li> <li>• Discuss the role and responsibilities of a Dairy Farmer/Entrepreneur</li> <li>• Identify various employment/business opportunities for a Dairy Farmer/Entrepreneur</li> <li>• Explain the process of milk procurement</li> <li>• Discuss the concept of clean and antibiotic free milk</li> <li>• Explain the opportunities and challenges in dairy business</li> <li>• List types of synthetic milk and its effects on human health</li> <li>• Explain emerging dimension for dairy business (viz. market technology and innovation)</li> </ul>	
<b>Classroom Aids:</b>	
Laptop, White Board, Marker, Projector	
<b>Tools, Equipment and Other Requirements</b>	
PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, AccessSwitches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 2: Process of preparing and maintaining livestock accommodation

### Mapped to AGR/N4101 v2.0

#### Terminal Outcomes:

- Describe the process of preparing and maintaining the Livestock Accommodation

<b>Duration: 14:00</b>	<b>Duration: 16:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>Describe the accommodation needs of livestock</li> <li>Explain the different types of accommodation- Head-to-Head, Tail to tail</li> <li>Describe the best balance between animal health and well-being and available resources</li> <li>Describe the cleaning routine</li> <li>Describe the process of waste segregation and waste management</li> </ul>	<ul style="list-style-type: none"> <li>Demonstrate preparing animal accommodation which achieves the best balance between animal health and well-being</li> <li>Show how to prepare and maintain equipment, tools and materials required for livestock accommodation</li> <li>Demonstrate maintaining accommodation in a safe and clean condition for livestock</li> <li>Demonstrate replenishing materials and supplies as required by livestock</li> <li>Show how to clean tools and equipment and maintain according to established workplace procedures</li> </ul>
<b>Classroom Aids:</b>	
Laptop, White Board, Marker, Projector	
<b>Tools, Equipment and Other Requirements</b>	
Cattle Shed, PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 3: Process of establishing and monitoring livestock within accommodation

### Mapped to AGR/N4102 v2.0

#### Terminal Outcomes:

- Demonstrate how to establish and monitor livestock within accommodation

<b>Duration: 12:00</b>	<b>Duration: 18:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>• Describe the appropriate livestock accommodations required for each type of animal</li> <li>• Enlist the materials (e.g. bedding) and environmental conditions which animals need within their accommodation to maintain their health and well-being</li> <li>• Explain the different factors which should be taken into account when preparing accommodation in a safe, secure and clean state</li> <li>• Explain the safety procedures to be followed</li> </ul>	<ul style="list-style-type: none"> <li>• Show how to check the suitable environment condition of the accommodation before establishing livestock within it</li> <li>• Demonstrate handling and moving the livestock correctly and safely</li> <li>• Show how to introduce livestock into the accommodation in a way that minimizes stress and maintains their health and welfare</li> <li>• Show how to monitor environmental conditions carefully to ensure that they promote</li> <li>• Demonstrate arranging for regular cleaning of animal housing areas, floors and mats of animals (if any) according to the animal accommodation and specification</li> </ul>
<b>Classroom Aids:</b>	
Laptop, White Board, Marker, Projector	
<b>Tools, Equipment and Other Requirements</b>	
Cattle Shed, PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 4: Process of preparing feed for Livestock

### Mapped to AGR/N4103 v2.0

#### Terminal Outcomes:

- Describe the process to prepare feed for livestock
- Demonstrate supplying feed and water to livestock

<b>Duration: 12:00</b>	<b>Duration: 20:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>• Describe the feed composition and quality</li> <li>• Enlist the nutrients requirement for animals</li> <li>• Explain the correct methods for supplying feed and maintaining adequate levels</li> <li>• Describe the methods of cleaning and maintaining feeding and watering equipment in a fit condition</li> <li>• Explain the importance of ensuring all livestock have access to feed and water</li> <li>• Explain the importance of following health, hygiene, safety and quality standards</li> <li>• Describe the signs of possible pest infection and necessary actions to control</li> <li>• Describe the Feeding Chart and process of feed storage</li> </ul>	<ul style="list-style-type: none"> <li>• Show how to mix the appropriate proportions of feed and feed supplements depending on the age and stage of growth of animal</li> <li>• Demonstrate preparing the correct amount of animal feed as directed in the Feeding Plan in a way that minimizes wastage</li> <li>• Show how to supply the feed and water to cattle</li> <li>• Demonstrate measures for the wastage minimization</li> <li>• Show how to monitor the condition of feed and water and take the appropriate action when problems occur</li> <li>• Show how to clean and maintain feed and water equipment according to established workplace procedures</li> </ul>
<b>Classroom Aids:</b>	
Laptop, White Board, Marker, Projector	
<b>Tools, Equipment and Other Requirements</b>	
Feed Components, PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 5: Know-how of maintaining healthy performance of livestock

### Mapped to AGR/N4104 v2.0

#### Terminal Outcomes:

- Monitor the health and well-being of livestock

<b>Duration: 07:00</b>	<b>Duration: 8:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>• Describe the parameters of healthy animal and characteristics of different species</li> <li>• Describe the preventive care for maintaining the health and well-being of animals</li> <li>• Explain the significance of expiry dates on drugs and medications</li> <li>• Describe the associated hazards and risks to animal and staff during animal related operations</li> <li>• Explain the importance of personal hygiene and safety precautions</li> <li>• Explain relevant legislation, standards and policies</li> <li>• Describe the correct method of waste segregation and waste disposal in eco-friendly way</li> </ul>	<ul style="list-style-type: none"> <li>• Demonstrate monitoring the physical condition of the animals at suitable intervals, and recognize, record and report any abnormal signs</li> <li>• Show how to inspect the animal for the presence of any parasite</li> <li>• Demonstrate maintaining the record of health check-up of the animal and treatment provided</li> <li>• Show how to administer drugs and medication according to veterinary instructions</li> <li>• Show how to identify a health emergency and correct actions to be taken</li> </ul>
<b>Classroom Aids:</b>	
Laptop, White Board, Marker, Projector	
<b>Tools, Equipment and Other Requirements</b>	
PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 6: Practices for good hand and machine milking

### Mapped to AGR/N4105 v2.0

#### Terminal Outcomes:

- Describe the process of procuring and sourcing feed for livestock

<b>Duration: 08:00</b>	<b>Duration: 22:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>Explain the feed quality and composition required for feeding animals at different stages</li> <li>Describe the feed composition and quality</li> <li>Explain the arrangement for various feed and feed supplements essential for animal nutrition and growth</li> <li>Describe assessment of the quality and stock level of feed regularly</li> <li>Explain the fodder cultivation schedule and sourcing of fodder</li> </ul>	<ul style="list-style-type: none"> <li>Demonstrate the identification and procurement of the inputs required for the feed preparation</li> <li>Demonstrate the arrangement for various feed and feed supplements essential for animal nutrition and growth</li> <li>Show how to monitor the condition of feed and water and take the appropriate action when problems occur</li> <li>Show how to follow supplier/expert's recommendations and workplace norms for feed storage</li> </ul>
<b>Classroom Aids:</b>	
Laptop, White Board, Marker, Projector	
<b>Tools, Equipment and Other Requirements</b>	
Milking Machine, Hot Water, PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 7: Process of Forage Conservation

### Mapped to AGR/N4106 v2.0

#### Terminal Outcomes:

- Describe the activities of fodder conservation

<b>Duration: 10:00</b>	<b>Duration: 22:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>Describe the method of hay making, silage preparation and treatment of straw</li> <li>Describe the different methods of storing the forage</li> <li>Describe the various types and functions of equipment and machinery used in silage and haymaking</li> <li>Describe about common weeds, pests and diseases associated with crops and pastures</li> <li>Describe about the environmental and climate risks and impact on forage conservation</li> <li>Describe the measures to minimize risk of spoilage and combustion during storage</li> <li>Describe the correct method of waste segregation and waste disposal in eco-friendly way</li> </ul>	<ul style="list-style-type: none"> <li>Show how to identify and use the tools and equipment for preparation of forage</li> <li>Demonstrate preparation of forage conservation machinery and equipment according to the standards</li> <li>Demonstrate preparation of storage facility for selected forage conservation method</li> <li>Show how to identify dry matter target and assess dry matter content of forage material for the forage operation</li> <li>Demonstrate disposal of all waste and debris to minimize environmental impacts.</li> <li>Show how to clean and service machinery and ancillary equipment according to the standards</li> </ul>
<b>Classroom Aids:</b>	
Laptop, White Board, Marker, Projector	
<b>Tools, Equipment and Other Requirements</b>	
Forage, PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 8: Practices of Breed improvement of livestock

### Mapped to AGR/N4114 v1.0

#### Terminal Outcomes:

- Describe practices of breed improvement and reproductive performance of livestock

<b>Duration: 10:00</b>	<b>Duration: 22:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>Explain relevant legislation, standards, policies and procedures in the workplace</li> <li>Describe breed improvement methods and their suitability for different animals</li> <li>Describe the various factors which influence the breeding efficiency</li> <li>Explain various factors affecting the reproductive performance of animals</li> <li>Describe various materials and equipment required in the process</li> <li>Describe potential hazards related to the reproduction and well-being of animals caused by humans or other animals</li> <li>Explain the measures to ensure hygiene and sanitation standards</li> </ul>	<ul style="list-style-type: none"> <li>Show how to choose appropriate breed improvement program</li> <li>Demonstrate adapting suitable measures for insemination of animals</li> <li>Demonstrate identification of heat in animals, heat cycles and symptoms</li> <li>Show how to schedule insemination for animals in heat</li> <li>Demonstrate storage of semen as per prescribed guidelines</li> </ul>
<b>Classroom Aids:</b>	
Laptop, White Board, Marker, Projector	
<b>Tools, Equipment and Other Requirements</b>	
Cattle shed, Lab, PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 9: Process of planning, budgeting and marketing

### Mapped to AGR/N4107 v2.0

#### Terminal Outcomes:

- Demonstrate the business activities of dairy farm
- Describe the process of planning the dairy enterprise/ business.
- Describe the process of managing the dairy production process.
- Describe the process of managing the post-production and marketing processes.

<b>Duration: 10:00</b>	<b>Duration: 22:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>• Explain how to analyse the demand and supply of the relevant dairy produce in the market</li> <li>• Describe the process of identifying the target customers and assess their needs and expectations with respect to the quality and price of the produce.</li> <li>• Explain how to identify various types of dairy entrepreneurship/ business opportunities.</li> <li>• Explain how to prepare a basic business plan for dairy entrepreneurship/business activities.</li> <li>• State the appropriate sources of funding for the dairy entrepreneurship/ businesses</li> <li>• State the relevant government schemes and programs</li> <li>• Explain the importance of ensuring compliance with the government structural reforms and</li> <li>• framework, along with the applicable rules and regulations.</li> <li>• List various resources required for dairy production</li> <li>• Describe the process of planning dairy production and the use of relevant technologies to enhance production</li> <li>• Explain the importance of ensuring</li> </ul>	<ul style="list-style-type: none"> <li>• Demonstrate how to analyse the demand and supply of the relevant dairy produce in the market.</li> <li>• Prepare a sample basic business plan for dairy entrepreneurship/business activities.</li> <li>• Demonstrate how to calculate the costs incurred and determine the price of the product for profitability.</li> <li>• Prepare a sample marketing plan considering the 4Ps i.e., product, price, promotion, and place and 4As i.e., acceptability, affordability, accessibility, and awareness.</li> <li>• Demonstrate the process of using the relevant digital services such as e-commerce, e-payments, electronic recordkeeping, etc.</li> </ul>

no cause adverse impact on the environment and produce during production

- State the recommended practices to be followed for efficient input resource management.
- Describe the process of optimising the production processes and output through the amalgamation of existing practices with smart technologies.
- Explain the recommended sustainability practices to be followed during dairy production to prevent and deal with deforestation, loss of biodiversity, soil degradation, etc.
- Explain how to collect information related to the wholesale and retail price of dairy produce.
- Explain how to calculate the economics of the produce viz. production cost, price of the produce, B:C Ratio etc.
- Explain the relevant government schemes with the provision of subsidies/funds for the promotion of dairy produce.
- Describe the process of selecting appropriate marketing channels for marketing dairy produce, and the applicable requirements and constraints.
- List the relevant buyers of different types of dairy produce.
- Explain how to identify and manage various risks to production and post-production processes.
- Explain how to undertake outreach programs to promote dairy products and services, and expand agri-business.
- Explain the 4Ps i.e., product, price, promotion, and place and 4As i.e., acceptability, affordability, accessibility, and awareness considered while preparing and executing a marketing plan.

- Explain the use of the relevant digital services such as e-commerce, e-payments, electronic recordkeeping, etc.
- Explain the importance of using efficient post-production logistics.
- Explain the importance of maintaining various records accurately.

#### **Classroom Aids**

Training Kit (Trainer Guide, Presentations). Whiteboard, Marker, Projector, Laptop

#### **Tools, Equipment and Other Requirements**

PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.

## Module 10: Employability and entrepreneurial practices

### Mapped to AGR/N9926 v1.0

#### Terminal Outcomes:

- Explain the importance of following the employability practices.
- Demonstrate the process of using the computer and relevant electronic services
- Explain the importance of following entrepreneurial practices.

<b>Duration: 18:00</b>	<b>Duration: 22:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>• State the recommended practices to be followed to prevent and deal with common health and safety issues at work.</li> <li>• Explain Maslow's Hierarchy of Needs theory and its application at work.</li> <li>• List various characteristics of entrepreneurs with the motivation for achievement</li> <li>• Explain the appropriate practices to be followed to maintain a positive attitude at work</li> <li>• Explain the role of attitude in self-analysis</li> <li>• Explain how to utilise personal strengths at work and overcome weaknesses</li> <li>• Explain the importance of conducting work/business with honesty</li> <li>• Explain the importance of maintaining the required quality standards in work.</li> <li>• State the characteristics of highly creative and innovative people</li> <li>• Explain how to find creative solutions to work-related problems</li> <li>• Explain the benefits of time management and the relevant practices to be followed for effective utilization of time</li> <li>• Explain the relevant practices to be followed for anger and stress management at work</li> <li>• Explain the use of relevant computer</li> </ul>	<ul style="list-style-type: none"> <li>• Prepare a sample resume including all the relevant information.</li> <li>• Prepare sample answers to frequently asked interview questions.</li> <li>• Demonstrate how to set up a bank account and personal insurance policy.</li> <li>• Demonstrate the process of setting up a computer and relevant accessories/ peripherals for use according to the manufacturer's instructions.</li> <li>• Demonstrate the process of maintaining various work-related records electronically using the computer.</li> <li>• Demonstrate the process of carrying out commercial activities such as buying and selling commodities using the appropriate e-commerce platforms.</li> <li>• Demonstrate how to process payments using the relevant e-payment method.</li> <li>• Demonstrate the process of setting up a bank account with the required facilities to conduct business transactions.</li> </ul>

software/ applications for various purposes.

- Explain the benefits of maintaining electronic records using a computer
- Explain the Digital India campaign, and the modes and benefits of carrying out business transactions digitally
- Explain the benefits and use of email communication services
- Explain different types of bank accounts and their benefits.
- Explain the importance and methods of saving money.
- Explain the difference between fixed and variable business costs.
- Explain the importance of making investments and the different types of investment options available.
- Explain different types of insurance products and the importance of availing of personal and business insurance.
- Explain the use and benefits of online banking.
- List frequently asked interview questions and how to answer them appropriately. Explain basic workplace terminology.
- State the recommended practices to be followed to ensure effective team building at work.
- Explain the appropriate techniques for effective listening and speaking.
- Describe the process of identifying and implementing appropriate and cost-effective solutions to work-related problems.
- Describe the process of carrying out outreach programs to expand the business.
- Explain the Make in India campaign to promote products made in the country.
- State the relevant government

<p>programs and schemes for entrepreneurs.</p> <ul style="list-style-type: none"> <li>• State the recommended practices to be followed for a stable enterprise.</li> <li>• Explain the importance and process of reviewing the business account regularly to ensure the profitability of the business.</li> <li>• Explain the concept and significance of entrepreneurship.</li> <li>• Explain the entrepreneurship ecosystem.</li> <li>• Explain different types of entrepreneurs and their characteristics.</li> <li>• List the qualities of an effective leader and the benefits of effective leadership.</li> <li>• State appropriate practices to be followed to build a strong team of professionals working towards a common goal.</li> <li>• Explain how to identify new business opportunities within a business.</li> <li>• Explain the relationship between entrepreneurship, risk appetite, and resilience.</li> <li>• Explain different techniques to deal with failure effectively.</li> </ul>

## Module 11: Practices of collective farming and creating farmer groups

### Mapped to AGR/N4121 v1.0

#### Terminal Outcomes:

- Demonstrate creating the different farmer groups
- Describe the activities of collective dairy farming

<b>Duration: 8:00</b>	<b>Duration: 22:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>• Describe the process of forming PG/FIG/SHG, their management, and operation</li> <li>• Describe the various laws and regulation regarding PG/FIG/SHG</li> <li>• Describe the importance of organizing the meetings and training of PG/FIG/SHG</li> <li>• Describe the process of group's credit facility and the concept of group owned bank</li> <li>• Enlist core collective farming activities</li> <li>• Explain the concept and benefits of forward and backward linkages</li> <li>• Explain the benefits of value addition</li> </ul>	<ul style="list-style-type: none"> <li>• Demonstrate creating PG/FIG/SHG of milk producers</li> <li>• Show how to plan for optimal milk production to fulfil the market and household food security needs</li> <li>• Demonstrate organizing of capacity building programs</li> <li>• Demonstrate arranging the equipment for milk weighing, testing and payment processing</li> <li>• Demonstrate various collective farming activities</li> <li>• Show how to expand the network of the group</li> <li>• Show how to assist farmer in forming forward and backward linkages</li> </ul>
<b>Classroom Aids:</b>	
Laptop, White Board, Marker, Projector	
<b>Tools, Equipment and Other Requirements</b>	
PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 12: Effective communication at the workplace

### Mapped to NOS AGR/N9918 v1.0

#### Terminal Outcomes:

- Apply techniques for effective communication with the stakeholders.
- Explain how to mentor an apprentice.
- Discuss ways to promote diversity and inclusion at the workplace.

<b>Duration: 02:00</b>	<b>Duration: 04:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>• Explain the importance of verbal and non-verbal communication at the workplace.</li> <li>• Explain the effective methods of sharing and seeking information and feedback at the workplace.</li> <li>• Explain the procedure for completing work-related documentation.</li> <li>• Describe the process of mentoring an apprentice at the workplace.</li> <li>• Explain the importance of inclusion of all genders and People with Disability (PwD) at the workplace.</li> <li>• Explain gender concepts (gender as a social construct, gender sensitivity, gender equality etc.), issues and applicable legislation.</li> <li>• Explain ways in which a conducive working environment can be created for all genders and PwD.</li> <li>• Define the need for appropriate verbal and non-verbal communication while interacting with all genders and PwD.</li> <li>• Explain the applicable PwD related regulations.</li> <li>• Explain the procedure to report inappropriate behaviour e.g., harassment.</li> </ul>	<ul style="list-style-type: none"> <li>• Demonstrate the requisite level of proficiency in verbal and non-verbal communication at the workplace.</li> <li>• Demonstrate different approaches to mentoring an apprentice at the workplace.</li> <li>• Prepare a sample training schedule for an apprentice.</li> <li>• Demonstrate appropriate verbal and non-verbal communication that is respectful of genders and disability.</li> </ul>
<b>Classroom Aids:</b>	
Trainee’s Training Kit and Guide, Power-Point Presentation, Computer, Projector, Black/ Whiteboard. Charts And Videos on Workplace Communication.	
<b>Tools, Equipment and Other Requirements</b>	
Workplace Records, Documents, PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 13: know-how of maintaining Health and safety at the work place

### Mapped to AGR/N9903 v1.0

#### Terminal Outcomes:

- Demonstrate the process of maintaining the operations of service & maintenance of farm equipment

<b>Duration: 04:00</b>	<b>Duration: 12:00</b>
<b>Theory – Key Learning Outcomes</b>	<b>Practical – Key Learning Outcomes</b>
<ul style="list-style-type: none"> <li>• Explain the risks to health and safety and the measures to be taken to control those risks in your area of work</li> <li>• Enlist the workplace procedures and requirements for the treatment of workplace injuries/illnesses</li> <li>• Describe basic emergency first aid procedure</li> </ul>	<ul style="list-style-type: none"> <li>• Show how to maintain a clean &amp; efficient workplace</li> <li>• Demonstrate taking appropriate emergency procedures</li> <li>• Demonstrate practices of general safety and first aid</li> <li>• Show how to identify and use all protective clothing and safety gears like safety belt, helmet, mask, goggles etc. while executing work like spraying insecticides and pesticides</li> <li>• Show how to apply the instructions as told while using the tools and equipment</li> </ul>
<b>Classroom Aids:</b>	
Laptop, White Board, Marker, Projector	
<b>Tools, Equipment and Other Requirements</b>	
Personal Protective Equipment Like: Helmet / Head Gear, Safety Gloves, Safety Boots, First Aid Kit: Bandages, Adhesive Bandages, Betadine Solution / Ointment, Pain Relief Spray / Ointment, Antiseptic Liquid; Antidote, Phone Directory, Search Lights, Fire Extinguisher, Vacuum Cleaner, Dust Pins, Sanitizers , PCs/Laptops , Internet with Wi-Fi (Min 2 Mbps Dedicated) , Sticky Keys, Foot Pedals, Access Switches, Wheel Chair, Walker, One-Handed, Keyboard, Pencil Gripper, Automatic Page, Turner, Grab Bars, Speech to Text software.	

## Module 14: On-the-Job Training

### Mapped to Dairy Farmer/Entrepreneur

<b>Mandatory Duration: 00:00</b>	<b>Recommended Duration: 30:00</b>
<b>Location: On Site</b>	
<p><b>Terminal Outcomes</b></p> <ul style="list-style-type: none"> <li>• Show how to Communicate effectively at the workplace with internal and external stakeholders</li> <li>• Show how to prepare and maintain livestock accommodation</li> <li>• Show how to prepare the feed and maintain feed and water supply</li> <li>• Demonstrate how to perform Hand and Machine Milking</li> <li>• Carry out commercial activities such as buying and selling dairy related products using the appropriate e-commerce platforms or from authorized vendor</li> <li>• Demonstrate various methods of Forage Conservation</li> <li>• Explain formation and operation of collective dairy farming/activity</li> <li>• Process payments using the relevant e-payment method.</li> <li>• Prepare training schedule for an apprentice.</li> <li>• Explain the requirements of personal health, hygiene and fitness at work.</li> <li>• Discuss the industry recommended practices for the safe utilization of dairy products</li> <li>• Implement the practices related to gender and PwD sensitization.</li> </ul>	

## Annexure

### Trainer Requirements

Minimum Educational Qualification of the Trainer	Specialization	Relevant Industry Experience		Training Experience		Remarks
		Years	Specialization	Years	Specialization	
12th Class		3	Dairy Management	0		Dairy farm supervisor with 3 Years' experience of working with registered Corporates or Not for Profit Organizations after 12th Pass
Certificate	Regular VLDA (Veterinary livestock development assistant)	3	Dairy Management	0		
Diploma	veterinary /Animal Husbandry / Dairying	3	Dairy Management	0		Regular Diploma more than 15 months in veterinary /Animal Husbandry / Dairying
Graduate	Agriculture	2	Dairy Management	0		For the school Program minimum qualification of the Trainer should be Graduate(Agriculture/ Zoology/Dairy) with minimum 3 years Teaching experience (will be considered industry experience)
B. V. Sc.		0		0		
Graduate	Dairy Science/ Dairy Technology	0		0		

Trainer Certification		
Domain Certification	Platform Certification	Disability specific Top Up training
Certified for Job Role: "Dairy Farmer/ Entrepreneur" mapped to QP: "AGR/Q4101, v3.0". Minimum accepted score is 80%	Certified for the Job Role: "Trainer", mapped to the Qualification Pack: "MEP/ Q2601". Minimum accepted score is 80%	The Inclusive Trainer should be certified in Disability Specific Top Up Training PWD/Q0101, v1.0 Trainer-PwD conducted by SCPwD with minimum accepted score of 80% as per SCPwD guidelines.

## Assessor Requirements

Assessor Prerequisites - Dairy Farmer/ Entrepreneur						
Minimum Educational Qualification	Specialization	Relevant Industry Experience		Training/Assessment Experience		Remarks
		Years	Specialization	Years	Specialization	
12th Pass	Science	7	In Dairy Science/Animal Science/Veterinary Science or related streams	0		Ex. Army Personnel - Minimum 12th Pass (PCM/PCB stream)/ Diploma Practical skills and knowledge required to care for dairy animals and hands-on experience in dairy farm operations
B. V. Sc.		4	In Dairy Science/Animal Science/Veterinary Science or related streams	0		Practical skills and knowledge required to care for dairy animals and hands-on experience in dairy farm operations
B.Sc	Animal Sciences/ Dairy Science/ Dairy Technology	5	In Dairy Science/Animal Science/Veterinary Science or related streams	0		Practical skills and knowledge required to care for dairy animals and hands-on experience in dairy farm operations
M. V. Sc		2	In Dairy Science/Animal Science/Veterinary Science or related streams	0		Practical skills and knowledge required to care for dairy animals and hands-on experience in dairy farm operations
M Sc	Animal Sciences/ Dairy Science/ Dairy Technology	2	In Dairy Science/Animal Science/Veterinary Science or related streams	0		Practical skills and knowledge required to care for dairy animals and hands-on experience in dairy farm operations
PhD	Animal Science/ Veterinary Science/Dairy Technology/Dairy Science	1	In Dairy Science/Animal Science/Veterinary Science or related streams	0		Practical skills and knowledge required to care for dairy animals and hands-on experience in dairy farm operations

Assessor Certification		
Domain Certification	Platform Certification	Disability specific Top Up training
Certified for Job Role: "Dairy Farmer/ Entrepreneur" mapped to QP: "AGR/Q4101, v3.0". Minimum accepted score is 80%	Certified for the Job Role: "Assessor", mapped to the Qualification Pack: "MEP/ Q2701, v1.0", with a minimum score of 80%.	The Inclusive Assessor should be certified in Disability Specific Top Up Training conducted by SCPwD with minimum accepted score of 80% as per SCPwD guidelines.

## Assessment Strategy

### Assessment System Overview

In Agriculture Sector it is of ultimate importance that individuals dealing with crop production or livestock have the requisite knowledge and competencies to undertake the task. Based on the Assessment Criteria, SSC in association with empaneled AAs, define the test structure for the given job roles to cover the required skills and competencies. Assessment strategy consists of the following:

1. Multiple Choice Questions: To assess basic knowledge (Objective/Subjective)
2. Viva: To assess awareness on processes (Oral and/or written questioning)
3. Practical: To evaluate skills and identify competencies. (Observation)

Assessments for knowledge and awareness on processes may be conducted through 'real-time' internet-based evaluation or by conducting the same 'offline' through TABs. Skills and competencies are to be assessed by conducting 'practical' on the ground through qualified and ToA certified assessors.

An individual must have adequate knowledge and skills to perform a specific task, weightage for different aspects of the assessment is given as follows:

- Multiple Choice Questions: 20%-30%, depending on the specific QP
- Viva: 20%
- Practical: 50% - 60% (Involves demonstrations of applications and presentations of procedures/tasks and other components)
- Assessment will be carried out by certified assessors through empaneled assessment partners. Based on the results of the assessment; ASCI will certify the learners/candidates

### Testing Environment

Assessments are conducted on laptops, Mobiles and android tablets via both offline and online mode depending on the internet connectivity at the assessment location.

In remote locations/villages, assessments get delivered through tablets without the requirement of the Internet.

- Multilingual assessments (ASCI is conducting the assessments in 13 + languages pan India)
- Rubric driven assessments in Practical/Viva sections and responses recorded accordingly
- All responses, data, records and feedback are stored digitally on the cloud
- Advanced auto-proctoring features – photographs, time-stamp, geographic-tagging, toggle- screen/copy-paste disabled, etc.
- Android-based monitoring system
- End to end process from allocation of a batch to final result upload, there is no manual intervention

- Assessment will normally be fixed for a day after the end date of the training / within 7 days of completion of training.
- Assessment will be conducted at the training venue
- The room where assessment is conducted will be set with proper seating arrangements with enough space to curb copying or other unethical activities
- Question bank of theory and practice will be prepared by ASCI /assessment agency and approved ASCI. Only from approved Question Bank assessment agency will prepare the question paper. Theory testing will include multiple-choice questions, pictorial questions, etc. which will test the trainee on his theoretical knowledge of the subject.
- The theory, practical and viva assessments will be carried out on the same day. In case of a greater number of candidates, the number of assessors and venue facilitation be increased and facilitated

<b>Assessment</b>			
<b>Assessment Type</b>	<b>Formative or Summative</b>	<b>Strategies</b>	<b>Examples</b>
Theory	Summative	MCQ/Written exam	Knowledge of facts related to the job role and functions. Understanding of principles and concepts related to the job role and functions
Practical	Summative	Structured tasks/Demonstration	Practical application /Demonstration /Application tasks
Viva	Summative	Questioning and Probing	Mock interviews on the usability of job roles/advantages /importance of adherence to procedures. Viva will be used to gauge trainee's confidence and correct knowledge in handling the job situation

The question paper is pre-loaded in the computer /Tablet and it will be in the language as requested by the training partner.

## Assessment Quality Assurance framework

### Assessment Framework and Design:

Based on the Assessment Criteria, SSC in association with AAs will define the test structure for the given roles to cover the required skills and competencies. ASCI offer a bouquet of tools for multi-dimensional evaluation of candidates covering language, cognitive skills, behavioural traits and domain knowledge.

**Theoretical Knowledge** - Item constructs and types are determined by a theoretical understanding of the testing objectives and published research about the item types and constructs that have shown statistical validity towards measuring the construct. Test item types that have been reported to be coachable are not included. Based on these, items are developed by domain experts. They are provided with comprehensive guidelines of the testing objectives of each question and other quality measures.

**Type** – Questions based on Knowledge Required, Case-based practical scenario questions and automated simulation-based questions.

**Practical Skills** - The practical assessments are developed taking into consideration two aspects: what practical tasks is the candidate expected to perform on the job and what aspects of the job cannot be judged through theoretical assessments. The candidates shall be asked to perform either an entire task or a set of subtasks depending on the nature of the job role

**Type** – Standardized rubrics for evaluation against a set of tasks in a demo/practical task

**Viva Voce** - Those practical tasks which cannot be performed due to time or resource constraints are evaluated through the viva mode. Practical tasks are backed up with Viva for thorough assessment and complete evaluation

**Type** – Procedural questions, dos and don'ts, subjective questions to check the understanding of practical tasks.

The assessor has to go through an orientation program organized by the Assessment Agency. The training would give an overview to the assessors on the overall framework of QP evaluation. The assessor shall be given a NOS and PC level overview of each QP as applicable. The overall structure of assessment and objectivity of the marking scheme will be explained to them. The giving of marks will be driven by an objective framework that will maintain the standardization of the marking scheme.

### Type of Evidence and Evidence Gathering Protocol:

During the assessment the evidence collected by AAs and ASCI are:

- Geo Tagging to track ongoing assessment
- AA's coordinator emails the list of documents and evidence (photos and videos) to the assessor one day before the assessment. The list is mentioned below:
  - Signed Attendance sheet
  - Assessor feedback sheet
  - Candidate feedback sheet

- Assessment checklist for assessor
  - Candidate Aadhar/ID card verification
  - Pictures of the classroom, labs to check the availability of adequate equipment's and tools to conduct the training and assessment
  - Pictures and videos of Assessment, training feedback and infrastructure.
- Apart from the Assessor, a Technical assistant is popularly known as Proctor also ensures the proper documentation and they verify each other's tasks.
  - To validate their work on the day of the assessment, regular calls and video calls are done.
  - On-boarding and training of the assessor and proctor are done on a timely basis to ensure that the quality of the assessment should be maintained.
  - Training covers the understanding of QP, NSQF level, NOS and assessment structure

### **Methods of Validation**

- Morning Check (Pre-Assessment): Backend team of AA calls and confirms assessor/technical SPOC event status. Assessor/Technical SPOC are instructed to reach the centre on time by 9:30 AM / as decided with TC and delay should be highlighted to the Training Partner in advance.
- Video Calls: Random video calls are made to the technical SPOC/assessor so as to keep a check on assessment quality and ensure assessment is carried out in a fair and transparent manner
- Aadhar verification of candidates
- Evening Check (Post Assessment): Calls are made to the ground team to ensure the event is over by what time and the documentation is done properly or not.
- TP Calling: To keep a check on malpractices, an independent audit team calls the TP on a recorded line to take confirmation if there was any malpractice activity observed in the assessment on part of the AA/SSC team. If calls are not connected, an email is sent to TP SPOC for taking their confirmation
- Video and Picture Evidence: Backend team collects video and pictures for assessment on a real-time basis and highlights any issue such as students sitting idle/ trainer helping the candidates during the assessment.
- Surprise Visit: Time to time SSC/AA Audit team can visit the assessment location and conduct a surprise audit for the assessment carried out by the ground team.
- Geo Tagging: On the day of the assessment, each technical SPOC is required to login into our internal app which is Geotagged. Any deviation with the centre address needs to be highlighted to the assessment team on a real-time basis.

### **Method for assessment documentation, archiving, and Access:**

- ASCI have a fully automated result generation process in association with multiple AAs
- Theory, Practical and Viva marks form the basis of the results and encrypted files generated to avoid data manipulation. All responses were captured and stored in the System with Time-Stamps at the end of AAs and SSC. NOS-wise and PC-wise scores can

be generated.

- Maker Checker concept: One person prepares the results and another audit result which is internally approved by AA at first and then gets vetted at the end of SSC
- All softcopies of documents are received from the on-ground tech team over email. The same is downloaded by our internal backend team and saved in Repository. The repository consists of scheme-wise folders. These scheme-wise folders have two job role-specific folders. These specific folders have Year wise and Month wise folders where all documents are saved in Batch specific folders. All Hard copies are filed and stored in the storeroom.

#### **Result Review & Recheck Mechanism –**

- Time-stamped assessment logs
- Answer/Endorsement sheets for each candidate
- Attendance Sheet
- Feedback Forms: Assessor feedback form, Candidate feedback form, TP feedback form
- The results for each of the candidates shall be stored and available for review (retained for 5 years/ till the conclusion of the project or scheme)

## Guidelines for Trainers

### Persons with Locomotor Disability

#### Characteristics

Students with physical disabilities may experience limitations in one of the following ways:

- Writing;
- Sitting at a standard desk or on the floor;
- Participating in activities where tables and instruments are difficult to access;
- Movements within the class and within the school;
- Mobility in spaces that are not user friendly for wheelchair.

#### Guidelines for Trainers

1. Provide a supportive and welcoming environment by sensitizing other students /staff for creating a sense of responsibility in them.
2. Make the classroom accessible.
3. Sitting plan should include accommodating a Person using Wheelchair in the front row.
4. Provide accessible seating arrangement. The height of the table should be accessible for Persons using wheelchair.
5. Make writers available for written work and for tests and exams if the candidate has difficulty in writing owing to upper limb dysfunction.
6. Give additional time for completing assignments/exams.
7. Consider alternative to activities involving writing, drawing and other fine motor activities, such as sorting, threading, solving puzzles, etc. for persons whose upper limbs are affected.
8. Free movement of learners within the class must be ensured by keeping the classroom environment clutter free. There should be accessible walking space for safe walking with no protruding objects or obstacles in the classroom/laboratory or corridors.
9. Students can use adapted brushes, modified pencils and thick markers that can be gripped easily, for drawing. Alternatively, the candidates can use stamping methods or paste cut outs. The books, papers, brushes etc. can be fixed on the table with the help of tape etc. so that they do not slip down.
10. For assessment, have students present the material orally or if required, with the help of a scribe. Use objective type, multiple type questions using yes/no or true/false answers.

# References

## Glossary

Term	Description
<b>Declarative Knowledge</b>	Declarative knowledge refers to facts, concepts and principles that need to be known and/or understood in order to accomplish a task or to solve a problem.
<b>Key Learning Outcome</b>	The key learning outcome is the statement of what a learner needs to know, understand and be able to do in order to achieve the terminal outcomes. A set of key learning outcomes will make up the training outcomes. Training outcome is specified in terms of knowledge, understanding (theory) and skills (practical application).
<b>OJT (M)</b>	On-the-job training (Mandatory); trainees are mandated to complete specified hours of training on-site
<b>OJT (R)</b>	On-the-job training (Recommended); trainees are recommended the specified hours of training on-site
<b>Procedural Knowledge</b>	Procedural knowledge addresses how to do something, or how to perform a task. It is the ability to work or produce a tangible work output by applying cognitive, affective or psychomotor skills.
<b>Training Outcome</b>	Training outcome is a statement of what a learner will know, understand and be able to do upon the completion of the training.
<b>Terminal Outcome</b>	The terminal outcome is a statement of what a learner will know, understand and be able to do upon the completion of a module. A set of terminal outcomes help to achieve the training outcome.

## Employability Skills – NOS (30 hours)

**Target audience:** As per 16th NSQC MoM, 30 hours ES to be included for level 1, 2, and 3

### Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and getting ready for jobs and apprenticeship.

### Performance Criteria (PC)

#### Introduction to Employability Skills

To be competent, the individual must be able to:

1. understand the significance of employability skills in meeting the job requirements

#### Constitutional values – Citizenship

2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices.

#### Becoming a Professional in the 21st Century

3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

#### Basic English Skills

4. speak with others using some basic English phrases or sentences

#### Communication Skills

5. follow good manners while communicating with others
6. work with others in a team

#### Diversity & Inclusion

7. communicate and behave appropriately with all genders and PwD
8. report any issues related to sexual harassment

#### Financial and Legal Literacy

9. use various financial products and services safely and securely
10. calculate income, expenses, savings etc.
11. approach the concerned authorities for any exploitation as per legal rights and laws

#### Essential Digital Skills

12. operate digital devices and use its features and applications securely and safely
13. use internet and social media platforms securely and safely

#### Entrepreneurship

14. identify and assess opportunities for potential business
15. identify sources for arranging money and associated financial and legal challenges

#### Customer Service

16. identify different types of customers
17. identify customer needs and address them appropriately.
18. follow appropriate hygiene and grooming standards.

#### Getting ready for apprenticeship & Jobs

19. create a basic biodata
20. search for suitable jobs and apply
21. identify and register apprenticeship opportunities as per requirement

### Knowledge and Understanding (KU)

#### The individual on the job needs to know and understand:

1. need for employability skills
2. various constitutional and personal values
3. different environmentally sustainable practices and their importance
4. 21st-century skills and their importance

5. how to use basic spoken English language
6. Do's and don'ts of effective communication
7. inclusivity and its importance
8. different types of disabilities and appropriate communication and behavior towards PwD
