

MINUTES OF THE 16th MEETING OF NATIONAL SKILLS QUALIFICATIONS

COMMITTEE (NSQC) OF NCVET HELD ON 24th February,2022

1. The 16th meeting of the National Skills Qualifications Committee (NSQC) under National Council of Vocational Education and Training (NCVET) was held on 24th February 2022, through Video-Conferencing, under the Chairmanship of Dr Nirmaljeet Singh Kalsi, Chairperson, NCVET. The list of participants is at **Annexure- I**.

2. The decisions taken, w.r.t agenda items, in the meeting are given in the succeeding paras.

AGENDA-01: CONFIRMATION OF MINUTES OF 15th MEETING OF NSQC HELD ON 27th JANUARY 2022

3. The Committee **confirmed** the minutes of the 15th meeting of NSQC held on 27th January 2022.

AGENDA-02: ACTION TAKEN REPORT ON DECISIONS TAKEN IN MEETINGS OF NSQC

4. The Committee was given a detailed account of the actions taken on the Minutes of the 15th NSQC meeting wherein compliance on conditionally approved qualifications from various Submitting Bodies had been received and uploaded on National Qualification Register (NQR) Website. Action taken on the pending compliances is given below:

a) Four qualifications were conditionally approved subject to meeting criteria as given below:

S.No	Name of AB	Decision of NSQC	Action Taken
1	SCPwD	NSQF level of 03 revised Qualifications- "Gardener-PwD LD", "Gardener-PwD SHI" and "Gardener- PwD LV"; was to be lowered from 4 to 3 01-year relevant experience with Class 8th was to be added for one new qualification- - "Automotive Showroom Host-PwD LD",	The SCPwD requested to reconsider exemption- of 1-year relevant experience with Class 8th pass and lowering the level of Qualification as the Qualification adopted by SCPwD are already NSQF aligned. The Committee advised SCPwD to bring the matter separately for

			the consideration of NCVET.

b) Action taken report on the decisions taken in 13th NSQC are as mentioned:

S.No	Name of AB	Decision of NSQC	Action Taken
1	Food Processing SSC	<p>Three Qualifications mentioned below were conditionally approved subject to –</p> <p>a) "Food Safety Team Leader",- NSQF level be reduced from 6 to 5:</p> <p>Entry criteria were to be changed from "12th pass in science stream and three years diploma in relevant stream to "12th pass in science stream and three years diploma in relevant stream and one year of relevant experience.</p> <p>b) Artisanal Cheese Maker" and Artisanal Chocolate Maker" NSQF Level be lowered from 5 to 4:</p> <p>Entry requirement be amended from "graduate in any stream" to "graduate in any stream with six months of experience"</p>	<p>a) Compliance has been fulfilled.</p> <p>b) The NSQF level was lowered to 4.</p> <p>Regarding entry criteria SSC had communicated their request to retain the entry criteria as graduate in any stream. The same was re-evaluated and approved 'on file'. Compliance was fulfilled and the three Files have been uploaded on NQR</p>

The status of compliance is at Annexure II

AGENDA -3: FOR INFORMATION OF NSQC

5. ALIGNING QUALIFICATIONS WITH THE PROPOSED UNIFIED CREDIT FRAMEWORK

The Committee was informed of constitution of a high-level Committee by Government of India to develop a Unified Credit Accumulation & Transfer Framework for both Vocational and General Education to enable integration and embedding of academic and vocational domain /component of learning and ensure flexibility and mobility between the two. While the work of finalizing the report of the committee is in progress, the following basic principles have been agreed by the stakeholders:

- a) The total notional learning hours in a year across education, higher education, technical education and vocational education and training: 1200 Hrs.
- b) The credits earned in a year: 40
- c) Total notional hours per credit : 30

Accordingly, to take the full advantage of the Unified Credit Framework (UCF), all awarding bodies were advised to align their qualifications in the multiple of 30 hours while submitting their qualifications for NSQF alignment and approval.

Even for all approved and live qualifications all Awarding Bodies are advised to update them as multiples of 30 hours as far as possible without compromising on the quality of the qualification.

All Awarding Bodies welcomed the move. **The Chairperson mentioned that further discussions will be held with the Awarding Bodies on the proposed Unified Credit Framework and the way forward for implementation of Unified Credit Framework.**

The National Skill Qualifications Committee (NSQC) took note of the same.

6. STATUS OF GRANT OF RECOGNITION TO AWARDING BODIES AND ASSESSMENT AGENCIES

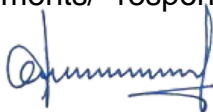

The Committee was apprised of the status regarding grant of recognition of 'Awarding Bodies' and 'Assessment Agencies' by the NCVET.

The Guidelines for Recognition and Regulation of Awarding Bodies and Assessment Agencies were brought out by the National Council for Vocational Education and Training (NCVET) on 27th October 2020. In the interim, in order to facilitate continuity in training, assessment and certifications being carried out in the skill ecosystem, transition period was granted to the existing Awarding Bodies (ABs) and Assessment Agencies (AAs) for seeking NCVET recognition on a regular basis vide **Order Number 22003/4/2020/NCVET dated 28/10/20.**

The transition period was subsequently extended for all existing ABs and 103 existing AAs who had applied for seeking NCVET recognition, up to 31st January, 2022, vide NCVET Circular **No: 38004/01/2021/AB/NCVET dated 10th November, 2021, corrigendum dated 18th November, 2021** and NCVET **Order No: 38004/01/2021/AA/NCVET dated 10th November, 2021** respectively.

While 41 existing Awarding Bodies and 17 existing Assessment Agencies have completed their final presentations before the Sub-Committee. Out of these 38 have completed the compliances and were to be given recognition immediately and being issued the letters. However, the compliances were awaited from the three prospective ABs. All 41 shall be given regular recognition after completing the process and their signing of the agreement etc.

Various other ABs and AAs had conveyed their difficulty in submitting additional information/ documents/ response to the observations made by NCVET, due to

unavoidable circumstances because of the third wave of COVID-19 pandemic situation, especially the restrictions imposed by the Government and had requested for additional time to meet the compliances. A request was also made by them to extend the transition period beyond **31st January, 2022**.

In view of the requests received for extension of transition period, and to facilitate continuity in training, assessment and certifications being carried out in the skill ecosystem, the transition period for 06 existing AB applicants and 103 Assessment Agencies empaneled with the existing ABs have been extended till 31st March, 2022 and 30th April 2022 respectively or till a decision is taken by NCVET on their individual proposals, whichever is earlier.

It was further informed to the members that presentation of 06 existing AB Applicants have been scheduled in the first week of March (2nd- 4th March'2022) and presentations from other existing Assessment agencies are being scheduled in March'22.

The Council emphasized the need for timely compliance by all the other Awarding Bodies and Assessment agencies as well.

The Committee took note of the same.

7. IMPLEMENTING A SIMPLIFIED NATIONAL OCCUPATIONAL STANDARD (NOS)/ QUALIFICATION TEMPLATES FOR QUALIFICATIONS TO BE OFFERED UNDER SKILL HUB INITIATIVE (SHI)

The Committee was apprised that MSDE has launched the Skill Hub Initiative in association with MoE under Pradhan Mantri Kaushal Vikas Yojana 3.0 (PMKVY 3.0) on a pilot mode from 1st January 2022 to cater to about 5000 (currently identified) Skill Hubs to provide skill development and vocational training opportunities to the target population segments covering school students (Class 9 to 12th), school dropouts and out of education candidates. The scheme is being implemented through NSDC with the support of State Skill Development Missions (SSDMs), State's Education and District Skill Committees (DSCs).

As the standardization of Qualification approval is an ongoing and dynamic process, NCVET is regularly taking steps to ensure simplification of this process. In this regard, NCVET has formulated a simplified template to cater to the qualifications being implemented under Skill Hub Initiative (SHI) including those qualifications of generic nature from unorganized/ traditional sectors being implemented at school level under various skill programs being implemented by different entities under SHI.

It was further highlighted that this simplified template will be used only for the limited purpose of qualifications alignment and approval, mainly of level 1 & 2 (150 to 250 hours) and in case of little longer trainings (275 to 350 hours) up to level 3, being implemented under Skill Hub Initiative. However, for all qualifications outside Skill Hub Initiative the regular guidelines issued by the Council shall be followed.

The template formulated for usage under SHI and other such initiatives has been given under Annexure III.

The Committee took note of and approved this line of action.

8. GUIDELINES FOR ADOPTION OF QUALIFICATIONS BY AWARDING BODIES

The Committee was apprised that the Adoption Guidelines have been formulated after wide stakeholders' consultation and putting up in the public domain for comments. The final "Guidelines for adoption of qualification by Awarding Bodies" are available & may be viewed at NCVET website at the following Link: <https://ncvet.gov.in/sites/default/files/Adoption%20Guidelines.pdf>.

The Council mentioned that these guidelines are dynamic in nature and hence are subject to amendments/ updating as per the evolving/ dynamic needs and requirements of the Industry/ Skill Ecosystem. Accordingly, NCVET may amend/ update/ revise these Adoption Guidelines with the approval of the Chairpersons and when required. It was further requested that any feedback and suggestion for improvements in the guidelines should be shared with NCVET.

The Committee took note of the same and approved this line of action.

9. MULTI SKILLING AND CROSS-SECTORAL SKILLING

The Committee was apprised that the guidelines for Multiskilling and Cross Sectoral Skilling Qualifications have been formulated by NCVET in consultation with the committee comprising of CEOs of Sector Skill Councils (SSCs) and other prominent subject experts.

These guidelines aim at outlining the process of development of Multi-Skill & Cross-Sectoral Qualifications. It defines the rights, obligations, and responsibilities for Awarding Bodies and Assessment Agencies for sharing of development responsibilities and ownership in case of multi-skilling and cross-sectoral qualifications. It shall also incentivize all sectors to closely work together to create much needed Multiskilling and Cross Sectoral Skilling qualifications for trainings. The Guidelines for "Multiskilling and Cross Sectoral Skilling Qualifications" have been uploaded at NCVET Website at the following Link:

<https://ncvet.gov.in/sites/default/files/Multiskilling%20and%20Cross-Sectoral%20Skilling.pdf>

The Chairperson complimented all the CEOs of the SSCs and subject matter experts who were part of the Committee for their contribution towards the development of the said guidelines. He further advised all the SSCs and Awarding bodies to develop about 8 to 10 qualifications each in the coming 3 to 4 months in the area of multiskilling and cross sectoral skilling. The Council requested all the members to provide any further feedback and suggestions for the improvement of these guidelines based on which the further revision of the guidelines would be made with the approval of chairperson.

The Committee took note of the same and approved this line of action.

10. CONDUCTING NSQF ALIGNED VET QUALIFICATIONS IN ENGINEERING COLLEGES & POLYTECHNICS

The Committee was apprised that AICTE has launched Project 'KARMA' to focus on utilization of surplus infrastructure with their polytechnics and engineering colleges. This initiative aims to address the issue of lack of sufficient infrastructure within skilling ecosystem to a large extent which has been a major concern for implementation of quality skilling initiatives. In this regard, AICTE in collaboration with NCVET has organized awareness program with all the 37 SSCs to encourage them to run their qualifications of higher NSQF Levels, in training/ internship modes in the polytechnics and engineering colleges.

The Chairman appreciated the efforts of AICTE and all SSCs as Awarding Bodies, for their participation in the program for mutual benefit of students, industry and institutions and also acknowledged the benefits of the program for the skilling ecosystem as a whole.

The Committee took note of the same.

11. IDENTIFICATION & DEVELOPMENT OF QUALIFICATIONS FOR FUTURE SKILLS

The Committee was apprised that NCVET has taken initiative to encourage the Awarding Bodies to identify and address the need for future skills owing to the emerging new technologies, the industry 4.0 and post Covid changing job world. The Council along with Awarding Bodies/ Sector Skill Councils to develop a list of 21st century job roles that may be compliant with future skills requirements.

Accordingly, all the Awarding Bodies were advised to identify the future skills within their sectors and subsectors and initiate development of the required NOS/ Qualifications w.r.t such future skills which shall be further aligned with NSQF and approved by NSQC.

The Committee was apprised that so far 21 Sector Skill Councils have submitted Future Skills related Qualification lists to NCVET and they have started working on the development of such qualifications.

The Chairperson complemented all the 21 ABs/SSCs for their contribution in identification of the qualifications on future skills and requested the other SSCs to share their plans and submit at least 10 future qualifications related to their Sectors. He further requested all SSCs to expedite the development and submission of these future qualifications in simplified NSQF format in next six months so that it can be offered by next year.

The Committee took note of the same and approved this line of action.

12. MODIFICATION & DESIGN IMPROVEMENT IN EXISTING NCVET CERTIFICATE AND NEW CERTIFICATE NORMS

The Committee was apprised on the status of the modification and design improvement in existing NCVET Certificate and new Certificate norms. The uniform NCVET certificate template for NSQF aligned and approved qualifications was originally approved and launched in October 2020. NCVET has undertaken review of the existing approved NCVET certificate format based on feedback received from MSDE and the Skill Ecosystem. It is now felt that since the certificate needs to cater to additional multiple requirements like, inclusion of Skill India Logo, various programs being implemented under recognition of prior learning (RPL), Skill Hub Initiatives, School Boards and those being issued for Regular/ Standard Trainings.

Accordingly, NSDC has been assigned the responsibility to carry out certain modifications including improvements in design for different variants of certificates to cater to the above-mentioned requirements. NSDC has been requested to carryout changes in the certificates as mentioned and submit to NCVET for approval and issue to the ecosystem along with explanatory notes.

The Committee acknowledged the need of modification and design improvement of the existing NCVET Certificate and advised NSDC to place the different designs and formats in the next NSQC meeting for the committee review.

13. GUIDELINES ON GRIEVANCE REDRESSAL MECHANISM

The Committee was apprised that in pursuance of NCVET mandate on Functions of the Council issued vide para 16(e) of the Govt Gazette Notification No. SD-17/113/2017-E&PW dated 05 December 2018 to create and monitor a system of redressing the grievances of recognized entities under NCVET, it had formulated guidelines on grievance redressal mechanism after wide stakeholders' consultation and put in the public domain. The 'GUIDELINES ON GRIEVANCE REDRESSAL MECHANISM' has been published at NCVET website.

The Committee acknowledged the effort and recommended to follow these guidelines for any kind of grievance and complaint management. He also mentioned that till NCVET's digital enterprise portal gets ready for use, NCVET will be handling all the grievance electronically via emails and also through CPGRAMS.

The Chairperson also emphasized that the escalation mechanism given in the guidelines should be followed in letter and spirit by all the stakeholders and endeavored to be resolved at their level and only those grievances which needs redressal at the NCVET level should be brought to NCVET. Link to Guidelines on Grievance Redressal Mechanism is as under:
[https://ncvet.gov.in/sites/default/files/Grievance%20Redressal%20Mechanism%20\(GRM\).pdf](https://ncvet.gov.in/sites/default/files/Grievance%20Redressal%20Mechanism%20(GRM).pdf) .

AGENDA 4: SIMPLIFICATION AND RESTRUCTURING OF QUALIFICATION FILE BEING SUBMITTED BY AWARDING BODIES FOR NSQF ALIGNMENT AND APPROVAL PROCESS

14. COMPREHENSIVE REVIEW AND STANDARDIZATION OF QUALIFICATIONS FOR NSQF ALIGNMENT AND APPROVAL

The Committee was apprised that qualifications being submitted by various Awarding Bodies for NSQF alignment and approval presently had many variations/ complexities/ disparities/ non-standardized conventions in terms various parameters of the qualification viz, nomenclature, Learning hours/ notional hours, NSQF levels, entry level criteria, up-skilling hours etc.

Also, in view of the Unified Credit Framework being finalized all parameters needed to be standardized and rationalized for seamless integration of skill education with school education, technical education and higher education and horizontal and vertical mobility of the learners/ students.

To address the above-mentioned issues, NCVET undertook an extensive exercise to simplify, streamline, standardize and improve the existing qualification parameters aligned to Unified Credit Framework and make them more adaptable by various submitting bodies in the Skill Ecosystem. It was also discussed in various deliberations in the Unified Credit Framework meetings got the framework common framework must confirm to level 1 to 8 which has been generally agreed by various stakeholders.

Accordingly, the standardized and rationalized parameters with respect to NSQF levels ranging from 1 to 8 in terms of entry requirements (including relevant experience), notional hours, apprenticeship & OJT and naming convention etc. have been developed in line with the proposed provisions of Unified Credit Framework.

The Chairperson mentioned that till Unified Credit Framework gets notified, these draft parameters will be referred for NSQF alignment and approval of qualifications, since these parameters are still in evolving stage, any suggestions for improvement can be shared with NCVET for its consideration. Also , the Council is Working on the level descriptors and other details for adoption of these levels (1 to 8) under the Unified Credit Framework. The as on date standardized template for NSQF parameters and naming convention is at Annexure-IV.

The Committee took note of the same and approved this line of action.

The Committee also gave 'in-principle' approval for adopting NSQF level 1 to 8 in line with proposed Unified Credit Framework.

15. AUDIT OF ALL NSQF ALIGNED AND APPROVED QUALIFICATIONS PRESENTLY LISTED ON NQR

The Committee was apprised that an exercise was undertaken to conduct an audit of the NSQF aligned and approved qualifications listed on the NQR Portal with a purpose to remove the duplicate and non-active Qualifications in collaboration with the Awarding Bodies concerned.

Accordingly, the existing data of NSQF aligned and approved qualifications, since beginning, were shared with all the Awarding Bodies (Sector Skill Councils in **phase I**) for authentication of the NQR data and intimating to NCVET w.r.t those qualifications which are presently non-active/ revised/ removed and needs to be deactivated and archived. The audit of the qualifications on NQR in respect of DGT and other existing Govt Awarding Bodies shall be undertaken in **phase II**

The committee was informed that a total of old 859 Qualifications have been recommended by the respective SSCs as Awarding Bodies to be deactivated and archived. As and when these archived qualifications will be required by Awarding Bodies with or without changes, they may submit proposals demonstrating need for such re-activation of these old qualifications by the NSQC.

the Committee was further informed that some duplicate qualifications (as a result of multiple versions as approved after every revision) were identified on the NQR will be archived for record. In the event of any of these duplicate qualifications being used in the Skill ecosystem, the concerned Awarding Bodies/ NSDC/ and other recognized/ Govt body may inform NCVET within next 7 days so that appropriate action can be taken to activate such qualifications for the specified duration to meet the requirement of trainees.

List of duplicate and to be archived / deactivated Qualifications are attached as **Annexure V and Annexure VI**.

The Committee asked all the Awarding Bodies/ SSCs to furnish their comments on the list of duplicate/deactivated qualifications within seven (07) days' time, after which the identified qualifications shall be archived.

16. ADDING EMPLOYABILITY SKILLS (ES) AS COMMON NOSs ACROSS ALL QUALIFICATIONS

The Committee was apprised that NCVET has been encouraging all submitting bodies to make efforts to ensure that the job roles being submitted for NSQF alignment and approval are holistic in nature and should cater to the dynamic industry needs by imparting the trainees with adequate employability skills (ES) like skills like digital skills, online payment, communication, entrepreneurship, marketing etc.

It was, however, felt that ES should be included by the Awarding Bodies for various qualifications are not comprehensive enough and has lot of variations in the components/ notional hours/ levels included in such skills. Because of such large variations There are

limited resources or hardly any standardized quality digital content/ material for training of the students and learners. The matter also came up for discussion with MSDE to standardize such ES components for easy adaptability by all Awarding Bodies/ SSCs and also as part of the skill qualifications in schools/ colleges etc. under the Skill Hub Initiative (SHI).

In the spirit of the above, it has been decided that a few mandatory common NOSs on employability skills (roughly to the extent of 10% duration of the notional hours) may be got prepared and included in all the relevant job roles being submitted for NSQC approval.

Accordingly, NSDC has been given responsibility to prepare and submit standard NOSs on employability skills, with 120 hours (normally to be included for level 4, 5 and above), 90 hours (normally to be included for level 3, 4, 5 and above), 60 hours (normally to be included for level 2, 3, 4, 5 and above) and 30 hours (normally to be included for level 1, 2, and 3) modules along with the e-content and learning material (digital and physical) for such common horizontal NOSs to cater to all the job roles of varying notional hours of all Awarding Bodies. The ES shall primarily consist of following modules:

- a) Introduction to Employability Skills
- b) Constitutional values /Citizenship
- c) Becoming a professional in the 21st Century
- d) English Skills
- e) Career Development & Goal Setting
- f) Communication Skills
- g) Inclusion, Gender Sensitivity, PWD etc.
- h) Financial and Legal Literacy
- i) Digital Literacy & Skills
- j) Entrepreneurship
- k) Customer Service
- l) Job readiness and exam preparation

The representative of NSDC was also asked by NSQC to explain the brief outline of the proposal. It was accordingly submitted before the Committee that a generic decision needs to be taken enabling all Awarding Bodies that such ES NOSs may be included by any Awarding Body in all its qualifications without referring such revised qualification to NCVET for approval of NSQC subject to the following:

- a) For all Qualifications closer to 900 to 1200 (or more) Notional Hours, a NOS of 120 hours is to be included within these notional hours out of the allocated hours for OJT component and if there is no OJT component, then out of the allocated hours for practical training, further subject to the condition that the domain training is not compromised.
- b) For all Qualifications closer to 750 to 900 Notional Hours or more a NOS of 90/ 120 hours is included within these notional hours out of the allocated hours for OJT component and if there is no OJT component then out of the allocated hours for practical training, further subject to the condition that the domain training is not compromised.

- c) For all Qualifications between 450 to 750 Notional Hours or more a NOS of 60 hours is included over and above these notional hours out of the allocated hours for OJT component and if there is no OJT component then out of the allocated hours for practical training, further subject to the condition that the domain training is not compromised
- d) For all Qualifications between 300 to 450 Notional hours a NOS of 60 hours is included over and above notional hours.
- e) For all Qualifications close to 300 Notional Hours or less, a NOS of preferably 60 hours but minimum 30 hours is included over and above these notional hours.
- f) In case the Awarding Bodies want to include a longer ES module longer than 10% of the Notional Hours, they may do so over and above the approved Notional Hours.
- g) For Qualifications with lower NSQF levels, the Awarding Body may add higher levels of ES NOSs over and above the notional hours.
- h) The awarding body may also include additional modules of ES NOSs, depending upon their specific job requirements.
- i) If there are any duplicate components of ES NOSs which are already included in the qualifications, the same can be taken out of the qualifications.
- j) The revised QF shall be submitted by the Awarding Bodies to NCVET for uploading on the NQR to make the revised qualification active.

In case of any other variations/ cases the Awarding Bodies may approach NCVET with the revised qualifications for approval of NSQC.

The agenda item was discussed in detail in the meeting. Various members expressed their views on the agenda. Members felt the need for different levels of ES Qualifications for different Qualifications bands. The Committee desired NSDC to submit the detailed ES qualifications of 120, 90, 60 & 30 hours for different Qualifications bands. The Awarding Bodies were also requested to send their suggestions for inclusions in these common qualifications.

The Committee while taking note of the views expressed by the members accorded an 'in-principle' approval to the proposal. It was further decided that in view of the short time available the further modalities may be worked out and finalized with the approval of the Chairperson to be got ratified by NSQC in the next meeting.

17. RESTRUCTURING OF ALL EXISTING DGT QUALIFICATIONS (149 CTS AND 54 CITS COURSES)

The Committee was apprised that DGT is currently offering 149 CTS and 54 CITS courses which are NSQF aligned and approved qualifications being implemented under various trades through Industrial Training Institutes (ITIs) across the country. DGT is also in the process of developing many more such qualifications which are in the pipeline. CTS courses of duration 1 year and 2 years are currently being offered by DGT with 1600 notional hours in each year.

The matter regarding restructuring of DGT courses came up for discussion with MSDE on various occasions. Keeping in view the alignment of DGT qualifications with the Unified Credit framework, under formulation, DGT has now submitted the following proposal:

- a) CTS courses of duration 1 year and 2 years currently being offered with 1600 notional hours in each year may be rationalized to
 - i. 1200 learning hours (including Employability Skills (120 hours in case of one year course/ first year of the two-year course and 60 hours advanced employability skills in second year for two-year course) +
 - ii. 150 hours of OJT/ group project for better industry alignment for job readiness.
 - iii. The students can also opt for 240 hours (one language course through NIOS for 10th/ 12th class certificate along with ITI certification or an add on short term course of up to 240 hours) as optional.
- b) Each qualification shall also include employability skills of 120 hours consisting of Introduction to Employability Skills, Constitutional values /Citizenship, Becoming a professional in the 21st Century, English Skills, Career Development & Goal Setting, Communication Skills, inclusion, Gender Sensitivity, PWD etc., Financial and Legal Literacy, Digital Literacy & Skills, Entrepreneurship, and Customer Service which will have immense value to the trainee both for an employee as well as exploring self-employment avenues.
- c) For six months courses, it is proposed to have 600 learning hours (including 60 hours of employability skills) plus mandatory 150 hours of OJT/ group project.
- d) The detailed curriculum for these qualifications would also be re-organized on an **NOS/ learning outcome basis** to make the courses more efficient so that within 1200 hours of learning all topics included in the curriculum today could be covered.
- e) For all engineering trades, Workshop Calculation & Science (WCS) and Engineering Drawing (ED) are now being made part of Trade Theory/Trade Practical. For on-the-job training (OJT) or Group Project, which is mandatory,

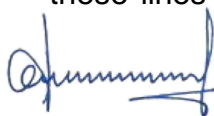

marks will be given by Internal Evaluation only, with minimum pass marks similar to Trade Practical passing marks.

- f) Within two (2) months, all qualifications of CTS courses will be made NOS compliant and duration/break-up of hours will be revised as indicated in above paragraphs.
- g) All Craft Instructor Training Scheme (CITS) courses, which are presently of 1600 hours, will also be revised to 1200 hours of Trade Theory and Practical (including WCS, ED for Engineering Trade, Soft Skills for non-engineering trades) and Training Methodology (Theory & Practical) plus a mandatory 150 hours of OJT/Group Project. They can also opt for an additional training up to 240 hours of short-term courses.
- h) **National Council for Vocational Education and Training (NCVET) is requested to accord in principal approval for restructuring and rationalizing all 149 CTS courses (6 months courses, 1-year courses & 2-Year courses) and 54 CITS courses earlier approved by NCVET.** This would help in easy and seamless adoption of Unified Credit Framework, which is being framed to ensure stronger industry linkage, vertical and horizontal mobility of trainees, accumulation of transfer of credit, and thus, making ITI education really aspirational.
- i) DGT would work with the CSTRAI for bringing out the revised qualifications on these lines so that these are brought to NCVET for record and updating of the same on NQR before actually starting a course.
- j) **DGT requested for guidance of NCVET and seek to collaborate with the industry, SSCs, and others while undertaking the restructuring exercises including the training of trainers (ToTs) to address any observations of NCVET/ NSQC for further improvement and alignment**

The Committee accorded “in-principle” approval to the proposal of the DGT for restructuring and rationalizing all 149 CTS Courses and 54 CITS Courses subject to the DGT’s fulfilling the actions/ undertakings mentioned above in 17 (a) to 17 (j) and the following:

- a) The detailed curriculum for these qualifications would also be re-organized/ re-structured on an NOS/ learning outcome basis by DGT to make the courses more efficient so that within 1200 hours of learning all topics included in the curriculum today could be covered conforming to the lines indicated by DGT above.
- b) While restructuring, the theory and domain learning shall not be cut down/ compromised, however, the duplication shall be removed wherever possible.
- c) Within Four (4) months, all qualifications of CTS courses will be made NOS compliant and duration/ break-up of hours will be revised as indicated in above paragraphs.
- d) DGT would work with the CSTRAI for bringing out the revised qualifications on these lines so that these are brought to NCVET for record and updating of the

same on NQR before actually starting a course.

- e) DGT shall collaborate with the industry, SSCs, and others Awarding Bodies while undertaking the restructuring exercises including the training of trainers (ToTs).
- f) Any observations of NCVET/ NSQC for any further modifications/ improvement and alignment in this regard shall be addressed and complied by them DGT.
- g) DGT shall submit an undertaking that the revised qualifications conform to the NCVET guidelines and the other conditions, including alignment with proposed UCF, mentioned above.

The Committee further requested the DGT to submit their proposed plan within next 15 days for restructuring and rationalizing all their courses in next 4 months, i.e., before the start of the next session in 2022 for consideration of NCVET.

The Committee also requested all SSCs and Awarding Bodies to provide the necessary support the DGT.

18. IMPLEMENTATION OF THE CONCEPT OF DYNAMIC QUALIFICATION

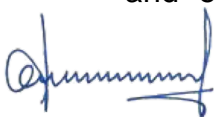

The Committee was apprised that in the budget speech of Hon'ble FM has committed that **National Skill Qualification Framework will be aligned to dynamic industry needs and Digital Ecosystem for Skilling and Livelihood, the DESH Stack e-Portal will be launched which aims to empower the citizen with skilling, re-skilling and up-skilling through online training.**

With this objective in mind NCVET is already relooking and re-evaluating and re-vising the existing 5000 plus skill qualifications in the National Qualification Register (NQR) on a continuous basis to re-orient the active qualifications in collaboration with SSCs, other Awarding Bodies and the industry bodies to promote continuous skilling, re-skilling and up-skilling, sustainability and employability and also to enhance productivity and create more and better-quality jobs.

In line with the above NCVET is encouraging all Awarding Bodies to bring the core skills that are used in the era of digitization and automation like AI, Block-Chain, IoT, drones, Industry 4.0 and beyond etc., as also integrate 21st century digital skills in every job role wherever required.

For ensuring NSQF alignment to the dynamic needs of the industry NCVET has already introduced a number of measures like elective NOSs in qualifications, however, the council further proposed to supplement these efforts for **ensuring the required flexibility and dynamism in implementation of the Qualifications** in the skill ecosystem as follows:

- a) For NSQF alignment and approval process already 100% Qualifications are developed and mandated by the Sector Skill Councils/ Awarding Bodies which are aligned to industry requirements. It is proposed that the Awarding Bodies may carry out even wider and more extensive consultations with their target industry and ecosystem to take their dynamic skill requirements into account while

developing the qualifications and may propose them as electives while getting the Qualifications approved by NSQC.

- b) Awarding Bodies are also encouraged to add elective NOSs to their existing NSQF aligned and approved qualifications for which Awarding Bodies may, besides mandatory NOSs, bring only the additional elective NOSs either within the same Notional Hours or over and above the existing notional hours, for approval of NSQC. There is no need to bring in the already approved complete qualification.
- c) Up to 20% flexibility in the non-mandatory NOSs (20% includes any changes made while adopting the qualifications) may be allowed to the Awarding Bodies while implementing the approved qualifications subject to the following:
 - i. The Awarding Body shall clearly define the mandatory NOSs (normally not less than 60% of Notional hours) and non-mandatory NOSs. If no mandatory NOSs have been defined by the Awarding Body concerned, the changes proposed shall need the approval of NSQC.
 - ii. 10% modifications (only additions) shall also be permitted within the mandatory NOSs. The changes in the non-mandatory NOSs/ Elective NOSs shall be made well before starting a qualification batch.
 - iii. Adoption of qualifications from other Awarding Bodies already provide for 20% flexibility while adopting the qualifications for which detailed guidelines have already been issued.
 - iv. Adding additional elective NOSs to suit the customized requirements of the particular job role.
 - v. All such changes shall be properly documented and submitted to NCVET for updating of NQR before undertaking the admission into the qualification.
 - vi. These modifications shall be treated and updated as the version of the same qualification. The Assessment Agencies shall also be informed of the modifications after the same is uploaded on NQR as this exercise is required to ensure proper assessment of such qualifications by the Assessment Agencies.

The members and participants of NSQC in the meeting shared their views and suggestions and detailed deliberations were held on the same.

The Committee accorded 'in principle' approval to the proposal of implementation of the concept of dynamic qualification.

The Committee also requested all the Awarding Bodies to develop at least 4-5 qualifications in next six months on upskilling catering to the international demand and requirements to improve the international acceptance of skilled youth of India.

19. IMPLEMENTATION OF THE CONCEPT OF FLEXIBLE QUALIFICATIONS WITH OPTIONAL NOSs FOR JSS PROGRAMMES – GIVING JSS DIRECTORATE THE STATUS OF AWARDING BODY AND ASSESSMENT AGENCY

The Committee was apprised that a proposal has been received from the Directorate of Jan Shikshan Sansthan for giving them the dual status of Awarding body (AB) and Assessment Agency (AA) for implementing NSQF aligned and approved qualifications in the skill development programs under the scheme of JSS with implementation of flexible qualifications.

The scheme of JSS aims to provide vocational training to non-literates, neo-literates as well as school drop-outs in rural areas by identifying skills that have a relevant market in that local area. The objective of JSS is to uplift the rural population economically by imparting essential skills training, thereby enabling local trades to grow creating new employment and micro business opportunities for the natives of the region. JSS is being implemented by MSDE. At present, there are 304 JSS in 26 states and 7 UTs across the country.

Such initiative was also discussed during one of the brain storming sessions with MSDE, where it was discussed that NCVT may consider limited dual recognition for DJSS as Awarding Body and Assessment Agency in respect of skill of NSQF levels 1 and 2 Qualifications while allowing them adequate flexibility for catering to the diverse local needs of the areas they are serving.

While the Council would consider their case separately for grant of dual status of Awarding body (AB) and Assessment Agency (AA), the following points were proposed for the consideration of NSQC:

- a) DJSS may identify and select NSQF aligned and approved qualifications of level 1 and 2 from the existing Qualifications on NQR which best suit the target beneficiaries under JSS scheme. The qualification so selected may broadly be such as to address the local market demand and should lead to employment/ self-employment leading to enhancement of the income of the beneficiary.
- b) Normally the qualification at level 2 will be $180 + 60 = 240$ hours including 180 hours of domain skills, practical skills and 60 hours of employability skills. For this purpose, a generic simplified template including the mandatory NOSs, with flexibility of choosing NOSs as per local requirement, assessment methodology, template for course, curricula etc. would be developed by Directorate of Jan Shikshan Sansthan under the guidance of NCVET and got approved by NSQC. With respect to inclusion of ES NOSs in JSS qualifications, it may be appropriately modified by DJSS to suit the target beneficiaries.
- c) Once the template is got approved, DJSS would create a number of qualifications at the level of DJSS depending upon the need and offer them under JSS. Each such Qualification shall be submitted to the Council for uploading on NQR. NCVET shall ensure that the Qualification conforms to the above guidelines before uploading the same on NQR.

- d) As long as DJSS ensures and certifies that the qualification conforms to the templates and other specifications approved by NSQC while approving the Qualification, no separate approval of NSQC would be necessary for each qualification.
- e) For all qualifications of level 3 and 4, DJSS as Awarding body (AB) shall follow the established mechanism for developing the NSQF aligned qualification and getting them approved from NSQC as other Awarding Bodies. Also, the JSS will have to follow the assessment norms as is prescribed for a standard awarding body i.e., getting assessment done through a NCVET recognized assessment agency.
- f) DJSS would be asked to submit its proposal to NCVET under the category of a government body at the earliest.

The Committee considered the proposal of DJSS and accorded its ‘in-principle’ approval to the same.

AGENDA- 5: SUBMISSION OF QUALIFICATIONS FOR NSQF ALIGNMENT
